## WINE SERVICE

(or reasons for the lack of it)

**We do not offer formal wine service at the table, not because we're lazy, but because of these four simple reasons:**

**1.**

**we (the props.) dislike the general rhu-barb that so often accompanies the imbibing of wine.**

**2.**

**if the wine is faulty, it's faulty, and no amount of sniffing or sipping will alter the fact - or the need for it to be replaced forthwith.**

**3.**

**seeing the bottle marooned across the room while one's glass remains empty (and the waiter oblivious) is hugely irritating: much better to be able to pour the wine as and when it's wanted.**

**4.**

**leaving guests to pour their own wine allows the person driving to monitor and control their intake accurately.**

**BUT !**

**if you would prefer that we served your wine in the traditional way, then please let us know at the time of ordering. Despite our personal reservations we will happily oblige. (Truly!)**
